

# Introduction

## A Personal Statement

Dear Parents,

I believe it is the highest privilege to be given the opportunity to teach your children; young minds are eager to learn and explore the world around them.

I am constantly surprised and delighted by the ideas and insights that your children choose to share with me.

Children have just one chance to grow and learn; their time at school is precious. They deserve to enjoy their learning in a positive, safe and caring environment.

I will constantly strive to ensure your child maintains and develops the love of learning which all children are born with.

I will, through calmness, firmness and by taking time to listen, strive to ensure your children learn to be calm, thoughtful and caring to all those around them.

John Starling
