HISTORY

The History curriculum provides children with opportunities to develop an awareness of the past and the ways in which it differs from the present. The curriculum is approached through relevant topics, developing from the child's own personal history in Reception to more distant times in Years 2-6. As part of the curriculum, KS2 children also have the opportunity to participate in "themed days" e.g. a "Victorian", "Greek" or "Roman Day".

GEOGRAPHY

The Geography curriculum gives children the opportunity to investigate the physical and human features of their surroundings and to become aware that the world extends beyond their own locality both within and outside the UK. Children find out about the school and the local area of Wisbech and compare this to other places in the world.

RELIGIOUS EDUCATION

Many religious values are implicit within the curriculum as children are encouraged to think about right and wrong and to develop a sense of self-worth and respect for others.

Children learn about the beliefs and traditions of Christianity and other religions through stories and discussion. School assemblies are a central part of this. Parents are invited to attend class assemblies on Fridays.

In accordance with the Law, parents have the right to withdraw their child from the school's religious education programme. Any parent who is considering this step is invited to make an appointment to discuss the matter with the Head teacher in the first instance
