

Working Together

Education is a partnership between home and school. We make every effort to involve parents in school activities.

You can help your child by taking an interest in what she/he has done. Praise will build confidence and if your child knows that you are happy, she/he is more likely to be happy too, and progress will be achieved.

The relationship between a child's home and school forms an important part of a successful education and we provide many opportunities to develop the partnership with parents. We ask for your full support to achieve this.

We hold termly meetings between parents and class teachers to keep you regularly informed of your child's progress. In the Summer Term we send you a copy of your child's "Record of Achievement" for the past year.

The class teachers are always willing to see you at the end of the day if you have anything you wish to discuss. A message can always be left with the office. If you have any concerns about your child's progress you are most welcome to make an appointment with the class teacher in the first instance and if you still have concerns with the Head teacher.

We very much welcome help from parents and grandparents in the classrooms and in the school. Please contact your child's class teacher if you are willing to help in any way. We will arrange a DBS check (Police check) before you start.
